Ashland, VA 23005

RE: Tabernacle Pentecostal Church
POD2013-00277
1st Construction Plan Review

Dear Mr. Mueller:

1. The POD number generated with this submission is the correct number to have on the upper right hand corner of the plan.
2. Because this site is on a private sewage system, please submit an extra set of plans (9 total) so a copy can be routed to the Health Department for their review and approval.
3. Provide the interior greenspace provided in site data 10E.
4. Provide the tree protection detail within the plan.
5. Provide the gate detail for the refuse screen.

Please address these comments and the comments from the other review agencies and submit 9 sets with proper application for review. Plans for signature may not be submitted until technical memos have been received by all review agencies. You may contact me at 501-5159 or gog@co.henrico.va.us if you have any question concerning this letter.

Sincerely,

Christina L. Goggin, AICP
County Planner
