Re: Shady Grove United Methodist Church Expansion Concept Plan (POD2014-00151)

Ms. Goggin:

We have reviewed the plan for the above referenced project and have the following comments:

1. The additional square footage may cause a potential increase in traffic. Therefore, a turn lane analysis will need to determine whether a right or left turn lane is warranted for the existing entrance along Route 271.

We should continue to receive any revised drawings for the above referenced plans even after County approval as some of the changes may affect the right of way and any issued permits. If you have any questions, please call me at (804) 752-4768.

Sincerely,
