Henrico Police cannot complete our review at this time as additional information is needed.  SECTION I. Address the following items in order for Henrico Police to endorse this plan:  Provide new plans/information with details to address items noted below.	Zoning: B-2  Henrico County Police Division recommends approval.				
Provide new plans/information with details to address items noted below.					

- 1. Show light pole locations on the landscape plan in an attempt to avoid conflicts.
- 2. The location of the light poles in relation to the trees needs to be considered, especially in parking lots and areas along the building's edge. The two should not be located in the same area, as illumination will be reduced as the tree matures.

While our requirements for the endorsement of the plan do not guarantee a crime-free environment, it is our experience that the application of the concepts of Crime Prevention Through Environmental Design (CPTED) will reduce the opportunity for crime to occur and will enhance the quality of life.
