#### Comments:

1. The Site Data lists the number of van handicap accessible spaces provided as eight (8) on Sheets C-102 and C-103. However, Sheet C-001 lists that number to be five (5). Either amount meets code, but please confirm how many van handicap accessible spaces will be provided and show that on the plans.
2. The northern most handicap parking space is surrounded by what appears to be curb and gutter and no accessible ramp is shown. Please show how the sidewalk is to be accessible from this parking space.
