Comments:

1. The Site Data in Sheet C0.0 states that the total spaces required for the two apartment buildings is 550 spaces. The number of accessible parking spaces (34) listed is sufficient for the 1,133 spaces provided. However, if 550 spaces are to be just for the apartments, based on Table 1106.1(1), thirteen (13) accessible parking spaces are required where 550 parking spaces are provided. Please clarify where all these parking spaces are located that are being counted in the Site Data.
