<b>Tidemark Case Number</b>	

- 20. Requests for deviations from the County standard pavement or curb and gutter standards must be submitted to and approved by the Department of Public Works.
- 21. Curb and gutter elevations are not established with the approval of construction plans. Elevations will be set upon request by Henrico County.
- 23. Prior to requesting a building permit, the developer must document the Health Department's approval of the proposed sewage disposal system.
- 24. Prior to approval of construction plans, the developer must submit a report prepared by a qualified professional engineer regarding the proposed treatment of mine shafts and scars.
- 25. An adequate restaurant ventilating and exhaust system must be installed. Include plans and specifications with the building permit.
- 26. Lighting and landscaping approval required prior to the Certificate of Occupancy.
- 27. Designate main and secondary entrances to the structure.
- 28. Signs are not part of the POD approval process. A separate permit is required.
- 29. Mark Case Number in 1/2 inch numerals on the upper right-hand corner on plans submitted for signature.

Staff can recommend approval of this POD.

Staff cannot recommend approval of this POD until a revised plan is received that addresses the following items at a minimum:

## Attached separately are comments from the following County Departments:

- Building Inspections
- Division of Fire
- Division of Police
- Public Works

- Public Utilities
- Recreation and Parks
- Virginia Department of Transportation
- Health Department
