SUBJECT: Woodson Hills at Bacova, Section 3; POD2023-00329, DWG#:2023-074R1
DATE: September 15, 2023

We have reviewed the revised construction plans submitted to the Department of Public Utilities on September 6, 2023. All technical requirements of DPU have been satisfied. We recommend that revised construction plans be submitted to the Planning Department for signature. After the Planning Office signs the thirteen (13) sets of plans, please deliver the thirteen (13) sets of plans to Public Utilities for plan signature.

The revisions to the approved plan **that impact utilities** are as follows:

- Water and sanitary sewer services for lot 5 and 6 have been removed with lots.

Pre-construction meetings on this project were scheduled at the beginning of construction. DPW should return seven (7) sets of approved plans to Public Utilities Design when plans are signed. DPU Design will distribute plans to DPU Construction. No work on revisions to approved water or sewer mains shall proceed before approved revisions are received by DPU Construction.
