Project Description: **Park N' Go Phase IV - Expanded**

**POD Review Comments**

- 1) Where parking is provided, accessible handicap parking spaces shall be provided in compliance with Virginia Construction Code, Section 1106.1. Where more than one parking facility is provided on a site, the number of parking spaces required to be accessible shall be calculated separately for each parking facility. Therefore, for this Phase IV parking area, given there are a total of 210 parking spaces provided, a minimum of 8 accessible parking spaces are required.
